

Himalayan Studies in India

By Maitreyee Choudhury

Mittal Publications, New Delhi, 2008. N.A. Condition: New. xii, 123 p. ,The book introduces the readers to a plethora of subjects that are being dealt with by Indian scholars specialising in Himalayan Studies in the twenty first century. The discourses contained in this book pertain to social-scientific investigation on the Himalayas in recent years. Various experts from the disciplines of History, Geography, Political Science, Economics and Sociology have contributed on a variety of thought-provoking issues ranging from geo-politics and security aspects, insurgency issues, globalization and related phenomena, environmental resources and problems associated with the distribution of resources, and culture in respect of language, religion and gender studies. The topics chosen for this edited book are mostly related to the Eastern Himalayas, so that the dearth of information on this part of the Himalayas can be lessened.
