University Press of the Pacific, United States, 2005. Paperback. Book Condition: New. 229 x 150 mm. Language: English Brand New Book ***** Print on Demand *****.There is a need for the United States to move the debate over the challenge China presents us beyond the dispositions of the attention grabbing advocates: the rationalizers who explain Chinese actions in benign terms with their own political or academic motives, or the denigrators, who are The Chinese Are Coming school-to wit: China is belligerent, a threat, in short, a monster. It is increasingly important for Americans to think carefully about the vast complexities of the U.S.-China relationship, and the calculations that go into forming courses of action. The Chinese have to consider some of the same realities we do when planning military actions and strategy. The key question is: will China's so-called first priority of economic development and its resulting influence on domestic social stability curtail China's continuing reliance on military force as a means of exerting its influence? In addition, will economic development enhance China's comprehensive national power and thus contribute to some of China's more unhealthy goals, such as dominating the South China Seas, seizing Taiwan by...
