

La place publique comme espace de communication: La place publique centrale de Florianópolis au Brésil et la place parisienne (Paperback)

By Nelson Popini Vaz

Editions universitaires europeennes EUE, 2010. Paperback. Condition: New. Language: French . Brand New Book. La croissance des villes a contribué à la redistribution des pratiques de sociabilité dans l'espace urbain. L'observation de la place publique centrale de Florianópolis au Brésil a permis de vérifier les rapports de l'ambiance du lieu et le comportement des individus en public. Les lieux porteurs de centralité engendrent des contacts dans la condition de l'anonymat ou fondés sur la connaissance mutuelle des habitants. Les observations effectuées à la place publique parisienne ont permis de révéler la spécificité de la ville moyenne brésilienne par rapport aux pratiques quotidiennes des habitants. La proximité de équipements générateurs de trafic, la transparence du paysage local, la visibilité et le confort, la proximité mutuelle et la perméabilité favorisent les contacts face à face. L'équilibre entre les espaces pleins et vides, la lisibilité de la fonction du lieu, la flexibilité ou l'offre de différentes ambiances sur place, la présence de signes concernant les valeurs collectives sont encore des propriétés qui peuvent contribuer aux interventions qui ont pour but la reprise de la sociabilité exercée en public.
