Reviews

This created publication is wonderful. it absolutely was writtern extremely completely and beneficial. I discovered this publication from my dad and i encouraged this publication to discover.

(Kristina Kshlerin DDS)

MESSENGER OF MATHEMATICS, VOL. 36 (CLASSIC REPRINT)**DOWNLOAD**

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 202 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. Excerpt from Messenger of Mathematics, Vol. 36. Mr. G. H. Hardy, in the December and January numbers of the Messenger (Vol. XXXV., 1905, p. 126), has given a test for extending the rule for term-by-term integration to some cases when the series ceases to converge at the upper limit of the integral. Although this test is very simple in many practical cases, yet it does not cover some cases of a comparatively elementary type (see 2, 4 below). In 3 will be found two forms of test which have proved useful in dealing with special power-series not satisfying Hardy's condition (iii); and 5 contains another test, more general in appearance than those of 3, but this test has generally not been so convenient as the other two. 1 contains an alternative investigation of Hardy's test. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. This item ships from La Vergne, TN. Paperback.
